

CAREER OBJECTIVE

- A highly motivated and dedicated and graduated B.Voc student in Computer Science, seeking an internship opportunity to apply my theoretical knowledge and gain hands-on experience in software development and problem-solving. Eager to contribute to a dynamic team, develop technical skills, and work on real-world projects that enhance my understanding of computer science concepts and their application in the tech industry.

TECHNICAL SKILLS

- | | |
|----------------------------------|---------------------------|
| • Platform: | Windows |
| • Programming Languages: | Python ,C Language, SQL |
| • Scripting Languages: | JavaScript |
| • Front-end Technologies: | HTML 5, CSS 3, JavaScript |
| • Frameworks: | Django |
| • Libraries: | jQuery |
| • Databases: | MySQL 5 |
| • Other Tools: | VS Code, Git, GitHub |

EDUCATIONAL QUALIFICATION

- | | |
|---|------------|
| • Devi Ahilya Vishvidhalay University, Indore (M. P.)
Passing: May 2026
<i>Bachelor of Vocational (B. Voc.) in Software Development</i>
CGPA: 9.07 | Expected |
| • Garments Public School, Indore (M. P.)
<i>Higher Secondary School Certification</i>
Percentage: 60% | March 2020 |
| • Garments Public School, Indore (M. P.)
<i>High School Certification</i>
Percentage: 76% | March 2022 |

PROJECTS UNDERTAKEN

Fast Food Responsive Web application

Environment: Django, HTML,CSS, GitHub

Description:

Implemented user authentication, Food browsing, and cart management and Developed a responsive and user-friendly food website using Django, HTML, CSS, and JavaScript,Designed clean, semantic HTML structure and styled with modern CSS .

- 1) Implemented interactive features such as image sliders, menu filtering, and form validation using

Description:

Implemented a minor project focusing on CRUD operations using Spring Boot and Thymeleaf technology.

INTERNSHIP EXPERIENCE

- **Intern – Software and Web Development**
Thrivesup Services Tech Pvt Limited Indore
January 2026 – April 2026

- ⤴ Gained hands-on experience in software development, web development, modern technologies and tools.
- ⤴ Collaborated with the Developers Community team to contribute to live projects, enhancing web applications and software solutions.
- ⤴ Participated in the design and development of dynamic web interfaces, applying best practices in coding and development workflows.

ACHIEVEMENTS & CERTIFICATIONS

- **Certificate in Graphic Design** — Awarded during First Year of College for completing/designing graphic design work.
- **Ranked 2nd** in High School Certification in the Merit List
- Current **Class Representative** at Medi-Caps University
- Developed a **Start-up** idea during the first year of engineering
- **LeetCode**: Earned **6 badges** for solving challenges in algorithms and data structures
- Achieved a high ranking on **HackerRank**, demonstrating proficiency in algorithms, data structures, and problem-solving
- Participated in **TATA Crucible Campus Quiz 2024** organized by **TATA Group** and received a **Certificate**.

- **AREA OF INTEREST**

- Research in Algorithm Design, Optimization, and Computational Complexity
- Exploring Cloud Architecture, DevOps, and Cloud Services
